Some of the thoughts the group discussed:

- What is the difference between soul and spirit. There is a fundamental difference. Spirit is what we consciously choose, while soul is unconscious. Immortal soul is that there is something about you that survives
- A by-product of baptism is access to the power of god. Becoming brothers and sisters of Jesus (Baptist)
- When god created us he blew his spirit into us
- Soul exists from creation. During our conscious life, make the choice to follow good or bad
- Hell is a place where you regret bad decisions you made during your conscious life.
- In the end you have the choice, soul will exist but your spirit will depend on the choices you made.
- Thought that Jesus is divine by his actions, trying to explain the trinity
